ABOUT US

With ambitions to make constructions safe, Vikas Dhanawade, our founder and director started Devshree Group in the year 2014.

We have a huge client base in Pune because of our world-class quality products, timely delivery and resourcefulness. We aim to make new bonds and old bonds stronger. With a track of glorious customer records at hand, we dream to etch our impact in the construction field by providing various families with a soulful place called home. Devshree Group is synonymous with efficiency. The satisfaction of the customers is our topmost priority. The products we supply and the buildings we construct are not just walls and bricks but they have lives!

WHY WORK WITH US

For us, trust is revered more than a deal. We believe in building everlasting relationships based on trust. We supply excellent construction tools like J.C.B. Bob cut, Poklane, Dumper and Roller that make the homes you build a strong and safe place to reside. Along with supplying quality material for more than 7 years, we are catering to construction as well to build strong and lavish places. We are known for skilfulness, productivity and timely delivery. Our happy customers trust our name and the bond with us. Let's join together and build that on which people can rely!
